

Streaming Video On Demand for Colleges & Universities

“Highly recommended.”

-EDUCATIONAL MEDIA REVIEWS ONLINE

Best Database

-LIBRARY JOURNAL

**SIIA CODiE Award Finalist,
“Best Education Reference Solution”**

Faculty Benefits:

- Stimulate and reinforce in-class lectures or introduce a new topic
- Encourage open discussion on key issues and topics
- Embed persistent and authenticated video clips into course management systems such as Blackboard, Moodle, and Canvas
- Create personalized playlists using segments from multiple video titles
- Share playlists with students for off-hours viewing and distance learning
- Save favourite videos to a personal folder
- Add a link to department Web sites for immediate access to any top-level subject

Student Benefits:

- Find inspiration and material for research papers and presentations
- Follow up on a clip a professor used and watch the rest of the video
- Get citations for all videos in MLA, CMS, and APA formats, featuring EasyBib integration for up-to-date citation creation and export
- View videos from the library, dorm, or off campus, 24/7
- Share, save, and organize videos and custom playlists

Library Benefits:

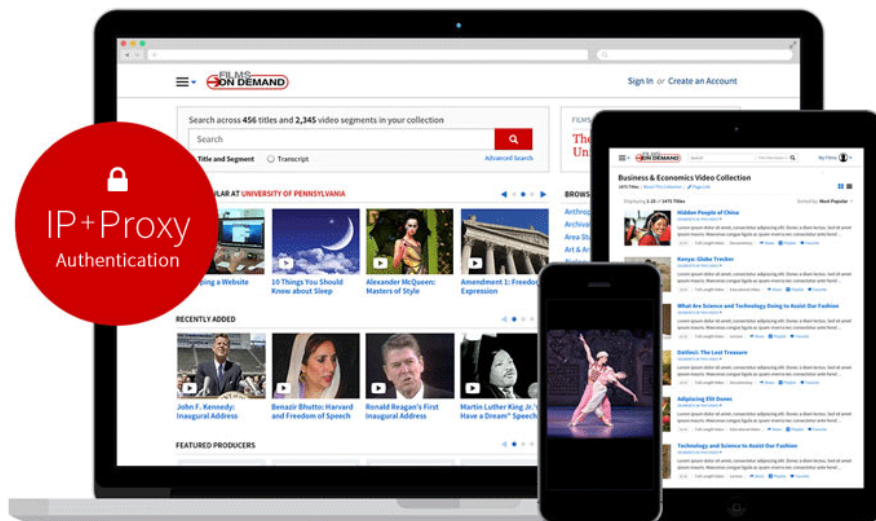

- A comprehensive, curriculum-focused video subscription providing unlimited access to thousands of videos
- Videos can be easily added to online catalogues, distance education courses, and learning management systems
- Captioning and interactive, searchable transcripts on all titles
- No copyright infringement worries
- Freedom from inventory hassles and damaged DVDs
- A robust administrative portal with enhanced reporting features

Films On Demand

Over 26,000 full-length videos.
Over 260,000 video clips.

Streaming Video on Demand for Post Secondary Education, Easy Access 24/7

Save yourself time with the Films On Demand streaming video subscription collections. With unlimited access to thousands of videos and video clips, these complete, multi-subject video solutions are an exceptional value and offer convenient one-stop shopping for librarians, faculty, and educators. Each full-length video has been segmented into predefined clips, making it easy to find specific pieces of content quickly.

Superior Video Quality

All videos provide a wide range of bit rates (200k–1.5mb) to ensure high quality viewing in variable bandwidth environments. Even at full-screen, the video quality is outstanding.

New Content Added Regularly

Your subscription is kept fresh and continues growing, with approximately 1,000 new titles added each year, making Films On Demand an incredible value for any institution.

Over 50 Web Channels are also available through Films on Demand; these vetted YouTube sources include Associated Press, Smithsonian and The Economist.

The World's Best Producers

Outstanding content from Films for the Humanities & Sciences, ABC News, NBC News, PBS, BBC, National Geographic, The News Hour with Jim Lehrer, Bill Moyers, Shopware, The Open University, A&E, Dartmouth-Hitchcock Medical Center, Fred Friendly Seminars, Cambridge Educational, and many more.

Features:

- Thousands of exclusive educational videos from top producers, segmented into easy-to-use clips
- Unlimited, simultaneous, 24/7 access, in class or off site
- New content added monthly
- Dynamic bit-rate switching for optimum viewing experience
- Powerful browse & search tools, including new Search Assist
- Ability to share, save, and organize videos and custom playlists
- Closed-captioning and interactive transcripts on thousands of titles
- Google Translate on every page
- A robust administrative portal with enhanced reporting features
- Authenticated search widget and content widget for your library's home page
- Authenticated HTML embed code that allows direct access to videos from within Blackboard, Moodle, or other CMS
- Free MARC records for every video in your collection
- Dynamic citations in Chicago, MLA, and APA styles
- iPad friendly
- Freedom from inventory hassles and damaged DVDs.
