Streaming Video from the World's Most Trusted Names in Educational Media including...

KEN BURNS

What you're saying...

Films on Demand "is an ideal solution for distance learning courses and can also be useful in providing an easy method for adding video to more traditional classrooms." - Anthony C. Joachim, College & University Media Review

"Once you discover FOD, there is no turning back to the hard disc format. Loyalist students and faculty love it". - Connie McDonald, Loyalist College

"Films on Demand...I love it more all the time! I love that it is evolving and constantly offering more and more features. I love that I never know what awesome new applications will appear: interactive transcripts, APA citations, MARC records, closed captioning, what's next! I can't wait to find out. I love that every month there are new titles. I love that the Films Media Group listens to the users and implements changes to make it work better for us. I love that our collection has more than doubled since Fleming subscribed. I love that it's user friendly! I love that it's available wherever our students and faculty happen to be. Most of all, I love that our users love using it!" - Trish Feeney, Media Resources Technician Fleming College
