McIntyre Playlists

Streaming Video can provide a powerful tool that will enrich the learning environment both in and outside the classroom. It allows teachers and instructors to enhance the classroom experience by playing media with a simple click. Students can access video for research, to review information they may not have fully understood, or as part of an assignment.

Now you can create your own playlist! Let us host the content for hassle-free anytime, anywhere delivery. Contact us to find out how easy it is!

Features:

- McIntyre hosting - completely hassle-free.
- User friendly platform.
- Mobile device friendly, including iPad, iPhone & Androids.
- MARC records available.
- Unique URL's per title which can be integrated into your catalogue for easy access.
- Chapters(when available) with searchable descriptions.
- All programs include Canadian Public Performance Rights.
- Content available as bundled collections or you can create your own collections.
- Select a single title or multiple programs.
- Search function- searches title, program description & chapter annotations (when available).
- Admin reporting available on title usage.
- 3rd party content can be added to this platform where rights have been acquired.
- Teacher's support material available on specific titles.
- Each title has a unique URL that can be pasted into your online catalogue or emailed to a student or authorized user.

Ideal for diverse learning styles and preferences!

Select from the most current & up-to-date curriculum-rich content in Canada.
